We were gratified to notice while traveling in the Eastern section of the County a few days ago that the farmers there were sowing largely of small grain. On some plantations the grain has come up, and the "stand" is said to be better than usual. If the farmers in other portions of the County are sowing as much grain as the farmers are of the Eastern side, we do not feel a bit uneasy as to the condition of the County next year.

Bowman Roberts, colored, who lives near Honea Path, was in our office on last Monday. He is 84 years old, and has been living in this County for more than fifty years, but had never before visited this city. Bowman was a former slave of Mrs. J. M. Dunlap, with whose husband he is still living. He is an old-time, common-sense darkey, and has always had the respect and confidence of his white friends.

Frank, only son of Mr. and Mrs. B. F. Wilson, died at the residence of his parents in this city on last Tuesday morning after a brief illness with whooping cough, aged about five years. After appropriate funeral services, conducted by Rev. J. S. Murray, his remains were interred in the Baptist cemetery on Wednesday morning. The parents have the sympathy of a host of friends in this city in their bereavement.

From the Pickens Scatinel of last week we learn that Mrs. Mary Amanda Boggs, wife of Mr. B. F. Boggs, of that town, died on Monday night, 24th inst., after a pro-tracted illness. She was a most excellent lady and a consistent member of the Meth-odist Church for a long time. She left a husband and three children to mourn her death. Her many friends in Anderson County will regret to hear of her death.

A serious cutting affray occurred in Fork township on last Saturday between two young white men named Geo. Teasley and Eliab Webb and a negro named Wm. Morris. Our informant states that Tensley and Eliab Webb and a negro named Wm. Morris. Our informant states that Tensley and Webb got into a difficulty with Morris on Friday about some trivial matter, and that on Saturday the two former went to the latter's house and renewed the quarrei. They endeavored to get Morris to come out of his house, but he refused. They then went in and beat and cut him in a horrible manner. Teasley and Webb have been lodged in jail. Since the above was put in type, we learn that Morris is in a very critical condition, and not expected to live.

The Union Meeting of District No. 2

The Union Meeting of District No. 2, Saluda Association, was held at Shady Grove Church, in Belton township, on last Saturday and Sunday. Having gone over in that section of the County on a visit on Saturday afternoon, it was the Local's pleasure to attend the Union on Sunday. The meeting was largely attended, and the exercises of the day were quite interesting. The morning was devoted to hearing reports from the various Sunday Schools in the Union and to addresses from Messrs. M. E. Mitchell, J. W. Poore and others. In the afternoon Rev. G. M. Rogers preached a very interesting and impressive sermon. The next Union Meeting will be held with Neal's Creek Church in December. We were told that it was one of the most pleasant meetings the Union has ever held, and doubtless it will result in much good. The singing throughout the day by the choir, which was composed of both ladies and gentlemen, accompanied by an organ, was very fine. Shady Grove Church is situated in that old, historic place, Calhoun, which is one of the prettiest sections of the County. Near the church the old school house, in which Senator Brown, of Georgia, and other prominent men received their first instructions, is still standing, and is perhaps one of the oldest in the County.

the State. After the usual swearing of witnesses preparatory to handing out indictments, his Honor charged the Grand Jury in substance as follows:

You have already servei two terms as Grand Jurors, and have doubtless been fully instructed as to the duties expected of you. It is not necessary to recapitulate what has already been told you further than to refresh your minds as to the immediate duties expected of you in the police of your County, and the supervision of the public offices, the condition of your roads, public buildings and the financial condition of your County. You have perhaps already fully reported, if not it is proper for you to make a full report on these matters at the present term, to give the citizens of your County an assurance that the public interests have been fully looked after. It is not likely that any abuses have grown up in Andersor County. Your County has the reputation of being perhaps the best administered in its government, of any County in the State. This is due to the general average of the intelligence of your citizens. It should be a matter of just pride to your people. If you have already examined the condition of your County, make only a casual examination, and report anything that ought to be made public. You will be charged with the examination of bills against various parties. This is only an ex parte examination, and you act upon probable cause. Whenever twelve of you come to the conclusion that from the State's testimony that there is probable cause to believe the party guilty, you will report a true bill. If twelve do not agree after examining all the witnesses, you will return no bill. If there have been any violations of law of a public nature which no individual is interested in prosecuting more than others, you will report the facts with the times, places and names of the parties, and names of the witnesses to the facts.

Death of Mr. W. P. Hall.

Mr. William Perot Hall, one of the leading business men of Charleston, died at his Summer residence in Pendleton, on last Friday. Mr. Hall was born at at his Summer residence in Pendleton, and stanzas. Cuba. In 1825, and at an early age removed to North Carolina where he began business in Charleston, and since that time has been one of Charleston, and since that time has been one of Charleston, and was married to Mis Sue, second daughter in general many freeds in this County.

He was one of the corporators and the first president of the Charleston Bagging Factory, which position he was compleied to resign a short time since in consequence of his failing health. He Edisto Phosphate Company, and was president of the tat the time of his death, His Charleston and of the Charleston oil Works, and an active member of the Charleston oil of Charleston, Nicaragua.

Mr. Hall was a thorough business man and enjoyed the fullest confidence and esteem of all who knew him or had business transactions with him. He had many friends in this County who were pained to learn of his death, His remained to learn of his death, His remains were interred on Saturday evening in the Consulor, the burial service being conducted by the Rev. The Grand Jury, in concluding their services to the County for the present year, beg leave to make the following presentment:

That by a committee of our body we have visited the County Poor House and the County Juli, and find them, as we reported at the last Term, neatly kept and satisfactorily managed.

The fact that the following saloon keepers in the City of Arderson, to wit.

and satisfactorily managed.

The fact that the following saloon keepers in the City of Arderson, to-wit—John O'Donnell, Jas. G. O'Donnell, Dennis O'Donnell, Jas. G. O'Donnell, Dennis O'Donnell, W. I. Prennan, S. S. Craig & Co., McGrath & Son, J. F. Leonard, Julius Poppe and M. D. Kennedy—are violating the Statute of the State by disposing of their liquors behind screens erected at er near the door of their respective places of business, and some of them by not keeping their liquors in the room fronting the public street, has been brought to our attention. We deem it our duty to bring this matter to the attention of the Court, and request that if said violations are not discontinued within ten days, that the Solicitor bring the matter to the attention of some local Trial Justice and require proceedings to be instituted at once against them.

We call the attention of the County Commissioners to the necessity of having the water race that passes over the public road at Broyles' Mill, in the Fork township, repaired, and that they take steps that will require the owner to make it water tight by erecting a roof underneath it. In its present condition it is a serious annoyance to the public.

We again call the attention of our officers of the law, especially in Savannah and Dark Corner townships, to use every effort to bring to Justice the parties who are constantly selling their illicit whiskey in those localities and in the County,

The condition of the public road from near Earle's bridge to Pendleton village has been brought to our attention. We call the attention of the County Commissioners to this matter, and hope that steps will be taken to repair the same.

Important to Owners of Cotton Gins.

THE TAYLOR & COX STEAM FIRE EXTINGUISHER is the safest and most reliable insurance against loss by fire that owners of Cotton Gins run by steam can invest in. By the use of the Fire Extinguisher all the hot water and steam in a boiler can be instantly thrown into the ginning room. The hot water and steam thus applied will put out any ordinary fire. Read the following from Mr. James C. Shirley, who is using our Extinguisher:

SEPT. 17, 1883—Messus, Taylor & Cox—Gents: On last Saturday morning my Gin House caught for from a surface or attitude a bet and if it had related as former from a surface of a surface of the state of th

SEPT. 17, 1883—MESSIES. TAYLOR & Cox—Gents: On last Saturday morning my Gin House caught fire from a gudgeon getting too hot, and if it had not been for your Steam Fire Extinguisher it certainly would have burned, as I had all my stalls full of cotton and the fire was rapidly spreading, and the whole house would have been on fire in a few minutes. I put the extinguisher to work and in a short time the fire was put out. I would not take it down and gin on without it for \$500. I advise all ginners who use steam to get one, as it has already saved me my house and machinery, and it will do all that you claim for it.

JAMES C. SHIRLEY, Honea Path, S. C.

Our Fire Extinguisher consists of perforated from ball, one clbow, one glole valve, and thirty-five feet from piping. Price, \$25.00. Over 35 feet piping, 15c, per foot extra. Descriptive Circulars on application. Agents wanted at liberal pay.
